Priority

1. Acknowledgment is made of applicant's claim for foreign priority based on two applications filed in Japan on 09/20/1999 and 10/15/1999. It is noted, however, that the USPTO has not received from the International Bureau a copy of the certified copy of JP 11/294069 filed on 10/15/1999. It is requested that Applicant provides the USPTO with a photocopy of the certified copy of the above-identified priority application. While The International Bureau will normally furnish copies of the certified copy to the various designated Offices so that the applicant will not normally be required to submit certified copies to each designated Office, in this instant the particular certified copy of the priority document identified above is not found in the transmittal of the record copy from the International Bureau and is assumed missing (see attached copy DO/EO Worksheet itemizing the international application papers in the application file which indicates only one priority document). Accordingly, it is requested that the Applicant submits a copy of the missing certified copy of the priority document identified above. Note MPEP 508.04 regarding missing document.

It is noted that Section MPEP 1893.03(c) regarding The Priority Date, Priority Claim, and Priority Papers for a U.S. National Stage Application states:

Art Unit: 2861

"The requirement in PCT Rule 17 for a certified copy of the foreign priority application is normally fulfilled by applicant providing a certified copy to the Receiving Office or to the International Bureau within 16 months from the priority date. Subsequently, the International Bureau forwards a photocopy of the certified priority document when it forwards a copy of the international application (shortly after publication at 18 months from the priority date) to each Designated Office.

If applicant has not forwarded a certified copy of the priority application in time for the International Bureau to forward it to the U.S. Designated Office with the copy of the international application, then applicant will have to provide a certified copy of the priority document during the national stage to fulfill the requirement of 37 CFR 1.55(a)(2)."
